NEW! 8-Week Live, Online, In-Person or Asynchronous Financial Training Program Improves Financial Wellness!

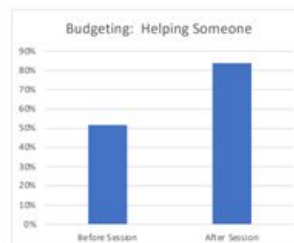

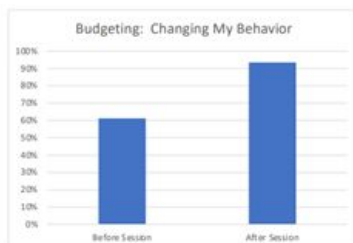

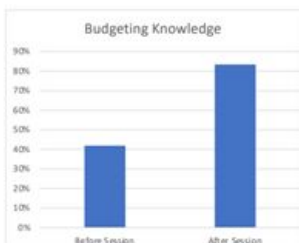

62% of Americans are living paycheck-to-paycheck. That includes some of your employees. Our new financial training program offers 8 90-minute sessions that provide specific guidance on how to make the most important financial decisions that will determine your future. Classes can be held in-person or online, live or through our LMS. Give your employees the right training to relieve their financial stress, paired with a special version of our platform.

- Week 1 Budgeting
- Week 2 Home Ownership
- Week 3 Banking
- Week 4 Income Taxes
- Week 5 Credit
- Week 6 Investment
- Week 7 Insurance
- Week 8 Social Security & Medicare

I learned that I should probably stop spending money on random things and save the money for when I actually need it.

Karen H.

Testimonials

I have been enjoying the budget and calculator tools. I also appreciate the recommended articles as they have a wide range of topics – there is something for everyone.

Michelle F.

I enjoy how user friendly it is. I also like that it can keep track of spending and retirement.

Hannah C.

It was helpful reading up on mortgage and house info as I am hoping to buy one in the next year! And the credit card debt sections.

Tiffany S.

Best Money Moves definitely helps with budgeting.

Natasha D.

I enjoy the large selection of informative articles that are provided. The additional tools have opened my eyes to areas of improvement and have helped keep my financial details organized and on track to achieving my goals.

Jahnee B.

I was excited to start to enter my finances and start an actual budget and see where my spending was occurring.

Anna H.

I'm just beginning the process of buying my first home and was excited and relieved to learn about BMM's, "Homebuying Journey." Everything I had questions about was right there in one place. The journey walked me through the process step-by-step and provided additional resources, articles and partnering agencies to assist me. Buying my first home is very stressful, but BMM has offered me a "catch-all" place to find the tools and resources I need to manage that stress and feel more informed about the process. I'm still in the beginning stages, so I plan to continue using BMM as I get closer to my first home!

Anne K.

I love the website because the articles are so informative.

Jaclynn H.

Best Money Moves has been a really great tool that I have been able to use in the workplace. I have found some of the articles that really portray to me and what I do and have shared it with my team. I really appreciate that it helps keep me on track on what I am doing and what I need to do in the future. I love the fact that it shows my credit report. I have been working so hard to get it up and to see that it has really proves that my hard work is paying off. I really appreciate it and will continue to keep using Best Money Moves.

Brittany M.

Best Money Moves has a wealth of information and I know I'm only just scratching the surface.

Kathy D.

Best Money Moves is so easy to use and helps me stay on top of my budget. I love how it lets me know if I'm currently overpaying on one of my bills. It's a great tool to stay on top of things.

Princess G.

As a first time homeowner I feel that Best Money Moves has helped me with budgeting my finances. And I found the articles very useful. They answered several questions I had wanted to know about housing and credit scores.

Korina R.

I've made a lot of big changes recently (bought a car, rented an apartment, and started a new job) so Best Money Moves has been really helpful with keeping track of my budget in an easy and fun way!

Emma H.

The site itself is user friendly, has helpful tips, and I love that I can go into the site to see the webinars that I have missed due to scheduling conflicts! And the contests that my company and BMM have run have been fun!

Erika T.

The site is so easy to navigate, the courses are concise and easy to understand. What many people consider confusing was presented in very simple ways and terms we all understand.

Kevin M.

#1 Financial wellness is the most-requested benefit for GenZ employees. Including yours!

Make employees happier by reducing their financial stress.
